

YOUR HISTORIES

of

NORTH OAKLAND

Sights, Sounds, & People from the Recent to the Deep Past

1. When I lived @ 1062 65th St,
~~my~~ 1976-'79, my wife and I
2. came back from cross-country
skiing one evening. We decided
3. to pop into The fish+ chips place
on San Pablo- just north of Stanford,
4. for a quick bite. We were
wearing knickers (wool, with long
5. socks), a Norwegian sweater +
clogs (to fit over the thick socks).
6. The guy at The counter asked
"Where are you from?" He,
7. and The other patrons, raised
their eyebrows + chuckled when I
8. said "Just up The road on 65th
St!" Oh- and we were The
9. only white folks around on That
Saturday eve!
10. Ian + April McDonald

Thanks for making history!
